FROM THE DIRECTOR'S DESK

The reporting year of 2010 – 2011 has been a hectic year once again owing to the dedication and commitment of all the faculty members and staff of the Institute. The procurement of many teaching equipments and machineries has brought new enthusiasm to both the students and teaching faculty of the various courses of the Institute.

There has also been continuing awareness and inspiration among the faculty members in taking part in various Seminars, Training Programmes, Workshops, Symposiums, etc. in various parts of the country. Some of the staff have joined Ph.D programmes in their respective specialization.

The active participation of the students and staff of various courses in the local and rural health programmes eg. conducting eye camps, anti tobacco campaign, rural health visits etc. have been very beneficial for both the Institute and the Society.

The Computer Centre of the Institute, though small and compact have been more than busy in imparting training not only to all the courses of the Institute but also to the Trained Nurses and Pharmacists of the State of Mizoram.

It is also important to mention that as per the Supreme Court order, anti- ragging measures have been taken up by the Institute by formation of Anti Ragging Committee and Anti Ragging Squad apart from other measures to curb this menace.

The Institute considers itself very fortunate to be included as the 9th RIPS (Regional Institute of Paramedical Sciences) vide the cabinet decision SECRET F. No. Z-28020/07/2007-PMS Dt.15/06/2010. Accordingly the Institute is preparing the Detailed project Report (DPR) for taking up of the 33 additional paramedical courses so that the above courses may be taken up at the earliest.

The Institute is committed to provide adequate facilities to all the resident students and continue to take up the campus beautification programme. RIPANS is very much indebted to the Ministry for its constant guidance and support.

BACKGROUND OF THE INSTITUTE

*Shri C.Kapmawia
Administrative Officer*

North Eastern Region was noticed as one of the most backward areas in health care concerned in our vast country - India. The reasons are obviously lack of infrastructure, physical and psychological distance from the heart of the country resulted perhaps by communication bottleneck, public ignorance in health care consciousness etc.

The attention of North Eastern Council was focused on the extreme need of an eye opener and to develop paramedical manpower to overcome the problems prevalent. To provide the basic need of paramedical facilities in the NE Region, the concept of establishing paramedical Institute was conceived and finalized by the North Eastern Council with the approval of the Government of India in 1992-93. The Regional Paramedical and Nursing Training Institute (RP&NTI) which was later re-named as Regional Institute of Paramedical and Nursing Sciences (RIPANS) on 5.8.2005, thus started functioning in 1996 with 182 students of the following multi-disciplinary courses viz. B.Sc(N), Diploma in MLT, ECG, X-Ray, Ophthalmology, Certificate in Multipurpose Health Worker & MLT courses and Diploma in Pharmacy in 1997.

Consequent upon temporary discontinuance of Health Worker Course in 1998 and with upgradation of some courses in 2004, the Institute is having 162 seats each year with total strength of 479 students during the academic year of 2009-10 for the following different courses – B.Sc(N), B.Sc(MLT), B.Pharm, Diploma in Ophthalmic Technology and Radio-Imaging and Cardio-Instrumentation Technology (RICIT). All the seats are distributed as per quota fixed for all beneficiary states like Assam, Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura.

The Regional Institute of Paramedical and Nursing Sciences, Aizawl earlier known as RP&NTI was under the tender care and management control of the North Eastern Council (NEC), Shillong for 8 years. Sidhu with the approval of Government of India vide Ministry of DoNER letter No.4/8/2006-DoNER (NEC-Pt.II) dated 29.3.2007, the Regional Institute of Paramedical and Nursing Sciences with its assets and liabilities, control and management was transferred to the Ministry of Health & Family Welfare, Govt. of India from 1st April 2007. Manpower: 78 + 100 = 178

As highlighted, the number of posts created so far by Govt. of India for this Institute is only 85 which is far below the requirement as demanded by the subjects for fulfillment of the concerned Council Norms. The Institute at present is offering 3 degree courses and two Diploma Courses of which Diploma courses are under active process for upgradation to Degree courses in the next Academic Session. The heavy shortage of staff may be accounted to the fact that no particular norm was followed during post creation. It has since been the observation of the different Technical Councils which carried inspections with a regular remark that the Institute is not following the staffing patterns prescribed by the concerned Councils to run their respective courses.

In the absence of such posts, the Institute has no option but is entailed to entertain qualified faculty members for a short period time to time on payment of lump sum remuneration after obtaining permission from competent authority to meet manpower requirement at all level.

LAND AND BUILDINGS

The establishment of this Institute could not have been readily possible unless without the open-hearted donation of 39.60 Bighas of land on a hill slope of Zemabawk which is about 8 km away from Aizawl city by the Government of Mizoram way back in 1999. With the fund released by North Eastern Council, Shillong from time to time the following infrastructural development of the Institute has so far achieved through State Public Works Department which is a working Agency. The list of buildings completed so far and occupied and the amount spent for the purpose along with new Project works to be undertaken during the 11th Five Year Plan is shown below. In addition to infrastructural development, the Institute authority procured some of the modern and sophisticated equipments for practical training of the students.

The existing infrastructure developed within the Campus suffices the minimum requirement and are still below the demand. It is expected that additional infrastructural facilities would be taken up in the near future as per the approval of the Government.

WATER SUPPLY SYSTEM IN THE COMPLEX

One lakh gallon capacity underground water tank in the Complex has been constructed by State PWD during 2003 and Public Health Engineering Department, Aizawl has provided 4 water connections in the Complex to meet the day to day water requirement of the Hostellers and occupants of Staff quarters. But the quantities of water supplied to the Complex by PHE Department is so inadequate that arrangement for purchase of water from private sources carried by the Institute Water Carrier Truck has to be made to meet the daily requirement for occupants of staff quarters and Boys' Hostels, leaving the water requirement of Girls' Hostel where 160 Hostellers provided accommodation unattended. To meet the day to day requirement of water for Girls' Hostellers, Institute has engaged 3 private water carrying contractors on payment basis which is consuming a reasonable amount of fund from the budget allocation.

However, as requested through Honourable Chief Minister of Mizoram, it is expected that water crisis of the Complex would be solved by the PHE Department by ensuring adequate supply of water to the Complex in the near future.

- (9) The Strengthening and Upgradation of RIPANS to 9th RIPS is vide Cabinet Decision SECRET F.No.2-28020/07/2007-PMS dated 16.6.2010 (Ref Page 6 of 32). Following this Ministry of H&FW asked us to prepare Comprehensive D.P.R for 9th RIPS vide (i) letter No.D.O.No.2-28020/07/2007-PMS dated 10.11.2010
(ii) Letter No.Z.28020/07/2007-PMS dated 17.3.2011.
(iii) Cabinet SECRET F.No.2-28020/07/2007-PMS dated 15.6.2010.

The Training & Placement & Examination Cell is situated in the Administrative Block in the Directorate Office and is directly under the Director, RIPANS. The main aim and objective is to facilitate and ensure uniformity and stream lining and smooth functioning of all academic activities of the Institute.

Under the aegis of Director General of Health Services 1 NIPS & 9 RIPS are being established for standardizing Para Medical Education in India. The National Task Force for formation of Para Medical educational norms has included RIPANS. The syllabus followed at RIPANS will be the same as at NIPS & RIPS. However, in addition to Para Medical courses at NIPS & RIPS, RIPANS also has Nursing and Pharmacy which are regulated by Indian Nursing Council and Pharmacy Council of India. The National Task Force met on 19.6.2009 at NIHFWS to finally decide the course curriculum for all paramedical courses.

RIPANS has also applied for 2(f) and 12 (B) recognition status on 17th March, 2010 from UGC which is awaited. This is subsequent to Permanent Affiliation of RIPANS as an Institute to Mizoram University which was granted on 30th July, 2009. This is different from separate Permanent Affiliation of each of the respective Degree Courses which is now in process.

Presently there are 5 courses conducted by the Institute, but Diploma courses RICIT & Optometry are being phased out by 2012 as Degree Technical Courses in the same discipline have been introduced from 2011 Academic Session.

COLLEGE OF NURSING

*Ms. Lalfamkimi
Principal*

Brief Introduction

The Bachelor of Science (Nursing) Degree programme was first introduced at the Institute in the year 1996 to become the first nursing college in the state of Mizoram, and second in the North East Region (NER). The course prepares the students to contribute to the development of nursing science through clinical and theory classes, which is based on scientific principles.

During the course of B.Sc(Nursing), students are exposed to a variety of teaching methods all of which are designed to meet the requirement of Indian Nursing Council (INC) and to ensure that the students acquires a sound knowledge and skills in nursing.

Details about the Programme

The B.Sc(Nursing) programme is a four year programme and the students have to appear for an examination at the end of each year up to 4th year. They are expected to have clinical experience both in hospitals and community settings. The main activities are as follows:-

1. **Lecture:** These are designed to provide the student with the fundamentals subjects. Each class is held in the afternoon after clinical exposure in hospitals. Students are strictly expected to attend the class and must have 75% attendance in all the theory subjects.
2. **Clinical Experience:** This provides the student with an opportunity to apply her or his knowledge and develop appropriate practical skills. They are divided into 4 or 5 numbers of students and practice nursing skills under supervision of Clinical Instructors. During clinical experience the students are expected to undertake case study, case presentation on selected patients and give nursing care to the patients under the guidance of nursing teachers. This help to develop skills and offer a platform for the students to participate fully in the learning process. The students must have 100% attendance in practical to be able to appear in the university examination. Time missed from clinical experience must be made up after completion of each year.

*(Referred to in Para III of our report of even date)*

1. It has been observed during the course of our audit that during the Financial Year 2011-12 all the KVPs held by the Institution has been encashed on face value only, which has resulted in interest loss of ₹ 3,82,83,478.72. No initiative has been taken till the date of our Audit to contest the contention of the Postal Department as reflected in Letter No. IR/P&T/Audit/2011/Aizawl H.O dated 26.03.2011 and to put forward the arguments in favor of the Institution for claiming the interest on aforesaid KVPs.
2. Advances amounting to ₹ 96,95,480/- of General Fund includes ₹ 7,99,637/- relating to the Financial Year 2009-10, which remains un-unadjusted till the end of the Financial Year. Further, advances outstanding at the year end 31<sup>st</sup> March 2011 is also too high. Authority should take proper step to adjust the amount at the earliest.
3. It has been observed that many payments of expenses above ₹ 20,000/- has been made by cash which is required to be made by Account payee cheque or demand draft.
